

Turner Group Mission Statement

To partner with our customers by improving their productivity

- by offering the finest technology, training, products and service
- which meet their needs
- and exceed their expectations
- while maintaining our values

The following guiding principles will help us measure the appropriateness of our decisions.

- Provide a great work environment and treat each other and ourselves with dignity, respect, integrity and fairness.
- Provide complete solutions to our customer's needs, by being a partner, not just a vendor, by selling productivity not simply products, and by seeking the highest standards of excellence and creativity in supplying technology, products, service and training.
- Develop enthusiastically satisfied customers and suppliers all the time.
- Contribute positively to our industry, communities and environment.

We believe in long term business relationships and cling to the following values:

- *We believe* in an all-wise and loving God, named by whatever name, and that an individual's highest fulfillment, greatest happiness, and widest usefulness are to be found in harmony with that Source.
- *We believe* that the members of our organization are our greatest asset and through the cultivation of their dreams and passion, we can grow beyond our expectations.
- *We believe* in the sacredness of a promise, that a person's word should be as good as their bond; that character is of supreme worth.
- *We believe* that rendering of useful service is the common duty of humankind and that only through selfless giving is selfishness consumed and the greatness of the human soul set free.
- *We believe* that the fortitude of honor and trust will lead each person to the realization of their true self.
- *We believe* in the value of our customers and their worth as individuals.
